Recent visitors at the Provincial House were Brother Hobart Pieper and Brother John Harris. Both are home on leave from Pakistan. Both gave very encouraging reports on the work the Brothers are doing in Pakistan. Brother Hobart will return around June 1, Brother John around January 1.

Brother John Herrick (E) has returned to the Eastern Province because of illness. He had been living at Andre Hall while attending the Junior College. Brother is now stationed at Pius XII School, Chester, New York.

Brother Charles would like to suggest to Brothers who must undergo major surgery that they get in touch with Brother Frederick Raehsler with a view to having the operation in South Bend. There are a number of advantages in this approach, particularly for those who do not have a long-standing relationship with a doctor in whom they have confidence. Because of Brother Frederick's association with the medical staff of St. Joseph Hospital, he is in a position to recommend doctors and to see that the best medical services are provided. There is likewise the possibility of living at Dujarie House during some of the period of recuperation. Experiences over the past few years give us reason to believe that we could often provide better medical attention for our men here.

On April 2, Brother Joseph Fox was one of fifteen who graduated from the South Bend Gabriel Richard Institute Leadership Course.
