BROTHERS of HOLY CROSS - NOTRE DAME, INDIANA 46556

Vol. 9, No. 12

June 1976

Br. Timothy O'Connell (Mount Carmel Medical Center, Columbus, Ohio) has been certified as a pastoral associate, having completed three months of intensive study and training. The course curriculum included such subjects as theology of the hospital apostolate, principles of hospital counseling, and a seminar on functions and concerns of general hospital chaplains and pastoral associates. In addition, Tim spent some 80 hours in assigned reading and individual consultation. Qualifications of pastoral care associates include a proved concern for the apostolate of the sick, a realization of the great value of human relations, initiative and resourcefulness, and a continuing interest in reading and study to remain abreast with contemporary thought in the Church and in the hospital and medical fields. Congratulations, Tim.
