## St. Joseph House Open House

This past Sunday afternoon, October 5, St. Joseph House gave the Midwest and Moreau Province Brothers in the South Bend Area an opportunity to tour the new St. Joseph House at Pulte Hall, Holy Cross College. Most of the visitors were from Columba

Hall where the Brothers and aspirants share the Thursday evening meal and community soiree.

Congratulations to **Brother Chris Torrijas**, director of the formation house, and those living in the residence who gave tours to guests and provided an abundance of refreshments. No doubt in the coming months and years there will be many opportunities for area religious to tour the facility and interact with the aspirants.

## Hoban's Revolutionary War Days Program

Word has gotten out about Hoban's Revolutionary War Days program. For several years now, Jason Anderson, an American history teacher at Akron's Archbishop Hoban High School, has presented a reenactment program for hundreds of elementary students about the Revolutionary War, complete with horses, muskets and period costumes.

Now, the Mount Vernon Ladies' Association in Virginia is making it possible for him to take the program on the road three times--once in Columbus, once in Marietta and once in Cincinnati.

Twenty-four Hoban students presented a four-hour program for 275 elementary students and the general public on the grounds of the Ohio Statehouse in Columbus Sept. 28-29. Stations included an enlistment tent for the Continental Army, a kitchen of the day, a printing press, medical tools of the time and drilling practice for a fife and drum corps. All expenses were covered by the Mount Vernon Ladies' Association.

The program travels to Marietta in October and to Cincinnati in April.

## Brothers Can Assist in Formation Discernment Process

Dear Brothers,

On behalf of the men at St. Joseph House I want to once again thank you for your support, words of encouragement and prayers as the Moreau and Midwest Provinces join forces in our shared vocation and formation endeavors. In a continuing effort to provide a well-rounded program that meets the needs of the young men in the house I'm reaching out to any religious whose particular skills and gifts could be utilized in helping these young men in the discernment process. What I am particularly interested in is your willingness to give instruction on various aspects of religious life, prayer, song, history & charisms of the congregation, spiritual direction, and retreats. If you would like to contribute to the St. Joseph House community I would ask that you email me at [ctorrijas@hcc-nd.edu](mailto:ctorrijas@hcc-nd.edu) or call me at (574) 239-8321 & let me know of your particular area(s) of interest you would be willing to instruct on.

Ave Crux Spes Unica

## New Carpet for Columba Hall Entrance

Last week the old wore-torn carpet at the entrance to Columba Hall was replaced. This, along with the painting of the iron work at the entrance to Columba Hall completes the renovation begun last year to make the residence of the Brothers handicapped accessible by raising the driveway and installing handicapped accessible doors. The renovations were made possible by the Annual Appeal of the Brothers and a grant from the Religious Retirement Fund for the handicapped accessible doors. Pictured are Columba Hall workers replacing the carpet at the main entrance.

## Schubert/Dujarie/Quinn Kitchen Renovation Completed

The month-long kitchen renovation in Schubert Villa/Dujarie House/Quinn Center has been completed on schedule by October 1. For a month all meals were prepared in the Andre Place kitchen and trucked to Schubert Villa. The Sodexo staff of 50 cooks and waiters were able to keep the 24-7 operation running smoothly.

Chef Scott Beckam of the Schubert Villa kitchen was very pleased with the renovation. Scott said, “The new configuration along with new preparation counters allow for much more room and an even flow for plating resident’s dining orders.” The changes allow meals to be served to a larger resident community than the original kitchen configuration allowed.

New additions to the kitchen included an extended oven hood and exhaust fan allowing for a cooler operating environment, a new oven, small refrigeration units, counters, dishwasher, shelving and numerous small utensils.

Brothers,

Here is an update on health issues for several of our Brothers who are asking to be remembered in prayer:

- **Brother James Reddy** has recently been diagnosed with a type of cancer in his lower jaw. James has decided to pursue aggressive treatment, and begins chemotherapy this week.
- **Brother Paul Kelly** reports that his course of chemotherapy to address a form of leukemia has concluded. The doctors appear to be satisfied with the results, but Paul will continue to follow a slower pace of life including afternoon rest periods.
- **Brother Tim O'Connell** has returned to his apartment in the Village following a period of rehabilitation in Dujarie House. Tim now navigates around the Village with the assistance of a scooter due to problems with neuropathy, but is glad to be home.
